## PROJECTS

**E-commerce Sales & Product Performance Dashboard** **August 2026**

- Cleaned and organized over 8,000 sales records using MySQL and SQL queries to analyze sales, profit, and product performance.
- Developed interactive Power BI dashboards to visualize KPIs, sales trends, and business insights.

**Hair Salon Booking & Management System** **September 2026**

- Developed a responsive booking website using HTML, CSS, JavaScript, and PHP, with a MySQL database to manage customer and appointment records.
- Built a secure admin dashboard to manage bookings, update appointment statuses, and control admin access.

**AI Skin Analysis & Purchase Intention Research (Academic Research)** **June 2026**

- Conducted quantitative research using survey data from 61 university students to examine skincare purchase intention.
- Applied descriptive statistics, correlation, and multiple linear regression to analyze the effects of perceived usefulness and trust in AI recommendations.

## EXPERIENCE

**Accounting Assistant (Family Business)** **March 2023 - May 2024**

- Recorded and maintained daily sales, expenses, and financial transactions using Microsoft Excel.
- Organized and updated financial records to ensure data accuracy and support daily business operations.
